

Schaefer Marine releases new Ratchet Block

For Immediate Release

Contact: Steve Majkut

Tel: 508-995-9511

NEW BEDFORD, MASS. – April 16, 2016 – Schaefer Marine, located at 158 Duchaine Blvd. in New Bedford, Mass., have released a brand new ratchet block. The new product is the M66-08.

“We are really excited to get this on the market” said Steve Majkut. The product is listed with a high strength to weight ratio, and ten faceted sheaves to grip line well. It also has two ease of use features: flushing holes to allow easy cleaning of the sheave, as well as a dual-sided ON/OFF switch for easy operation.

For over 35 years, Schaefer Marine has stood at the forefront of marine hardware design and construction, offering rugged, durable gear engineered to perform no matter how demanding the conditions. At Schaefer, we are committed to customers and dedicated to providing the highest levels of service and support in the industry. As a result, there is no name in marine hardware more trusted than Schaefer. For more information on the ratchet block, see the online product here. As always, you can contact Schaefer Marine at 508-995-9511.
