

Schaefer Marine to Distribute Blue Wave Marine products in the United States

Schaefer Marine is a leading manufacturer and supplier of marine products to recreational and commercial accounts throughout the United States and now are exclusive distributors Blue Wave Marine products. "We are proud to form this association with Blue Wave. Both companies are rooted in manufacturing high-quality products and in servicing their customers with the highest degree of satisfaction," said Steve Majkut, Director of Sales & Marketing for Schaefer Marine.

Established in 1932, Blue Wave is in its third generation as a family owned and run Manufacturing Company. Located in Haderslev, Denmark, the Blue Wave crew takes great pride in ensuring constant solid quality and is ISO 9001 certified.

By constant development and investments in high tech production machinery; as well as focus on customer needs and wishes, Blue Wave is Today established as a well known brand for marine and industrial rigging.

The Blue Wave portfolio is extensive! We offer a wide range of wire swage fittings from 2 mm to 36 mm cables and a program of rod rigging components as well as rope end fittings up to 16 mm / 5/8" diameter.

Blue Wave also offer a very wide range of swageless and DIY fittings – we cover wire sizes Ø 3 mm – 26 mm. (1/8"-1") and

the fittings are widely used within both the safety and marine sectors.
